RMS SOURCING Team---

Our goal is the same as yours – to create excellent products that sell.

We provide expert Sourcing solutions across the entire supply chain to help Our partners make responsible decisions whilst remaining competitive in the garment industry.

By working closely with all our long term clients, we place high value in Sustainable product supply. We also practice what we preach by adhering to our own principles in being a responsible, considerate company.

But our ethos is not just about garments – it's about people. We value our staff and are dedicated to creating a workplace that is safe, fair and enriching.

We foster a workplace culture in which the rights, needs and unique contributions of each employee are respected and rewarded;

If our teams are happy, we are happy – and our clients are happy too.

RMS Work Process

All our technicians are highly trained and experienced in their field. Using all the latest cutting edge technology, you can rest assured that not only will garments look great, they'll be true to size and excellent quality too.

Measurements are taken and patterns cut using the latest CAD software as well as our own hi-tech machinery. This means that right from the start we can tell you what the actual costs are going to be, which in turn helps you plan your finances.

Finally, every one of our products undergoes a battery of all-important tests to control the quality level in terms of shrinkage, colour fastness, spirality, pilling, dimensional stability, button pull out and rubbing in particular.

Our meticulous quality management plans ensure that the product our clients sign off is the product they receive.

DETAILED AND STRONG ORDER FOLLOW-UP SYSTEM WITH:

- A time-and-action plan for each order to guarantee on-time delivery!
- Each detail of the garment sending to client's final approval
- Providing proto-, size set-, preproduction-, shipment samples and others if required.
